

**Mae Fah Luang University's Announcement  
Regarding Graduates Eligible to Participate in the Commencement Ceremony**

.....

In the Academic Council Meeting of 7/2006 held on 28 June 2006, the resolution was adopted entitling graduates who completed their education curriculum in the first semester of the subsequent year to participate in the commencement ceremony with the condition that their grade results were submitted to the Registrar Division before 31 October of that year. Said resolution is hereby rescinded. To be eligible to attend the commencement ceremony in each academic year, the University now requires graduates to complete their education curriculum within the same academic year, as detailed below.

In the Academic Council Meeting of 11/2012 held on 7 November 2012, the resolution was adopted establishing the opening and closing of semester 1 of 2014 to be 25 August 2014 and 26 December 2014 respectively so as to correspond with the international calendar and ASEAN integration. As the opening and closing dates of the semester are close to the date of the commencement ceremony of academic year 2013, which normally takes place in February each year, preparations for the commencement ceremony must be expedited.

Therefore, pursuant to Section 26 of Mae Fah Luang University Act 1998 and the agreement of the Academic Council at its meeting of 4/2014 held on 2 April 2014, *Mae Fah Luang University's Announcement, Re Eligible Graduates for the Commencement Ceremony* dated 6 September 2006 is hereby rescinded and the following *Mae Fah Luang University's Announcement Regarding Graduates Eligible to Participate in the Commencement Ceremony* shall be adopted and controlling as follows:

1. Students eligible to attend the commencement ceremony in each academic year shall be those students who complete their academic curriculum and graduate within the same academic year.
2. This shall be effective for the commencement ceremony of academic year 2013 onwards.

This announcement is made on 25 April 2014.
